

Apartment for Sale in Imperia Caramagna Ref. AC02 - € 311.000

124 sq.m | Bathrooms: 2 | Bedrooms: 2 | Rooms: 4

Riviera dei Fiori - Municipality of Imperia - The Rio Orti Residence is a building project located in a quiet setting in Imperia in the locality of Caramagna just 3km from the sea and the city center of Porto Maurizio, a few steps away we still find all the basic necessities.

The traditionally designed residence offers 4 ground-floor four-room apartments with large private gardens and garage in the basement, it is an oasis of light and tranquility in the wonderful climate of Western Liguria, it has been designed with particular attention to sustainability (to reach Class A4 in each housing unit) and the quality of the materials.

Apartment - AC02 - Portion of a villa on two levels of 93sqm, free on two sides with a private garden of 64sqm, loggia and terrace and atrium of 15sqm and garage of 23sqm, composed on the ground floor entrance to living room, kitchen, bathroom and first floor hallway, two bedrooms and bathroom. Attached floor plans and renderings.

The size of this apartment makes it suitable both for use as a first home and as a second home: the summer in Imperia is very long; confirming the enchanting atmosphere that reigns throughout the year, Imperia received the title of city with the best climate in Italy from II Sole 24Ore in 2020; the mild climate makes the stay pleasant in every season and all outdoor activities are within reach in freedom, at the sea in the hills and in the nearby mountains.

The location is really pleasant and relaxing, secluded from the main roads, and strategic to be reached quickly by car, with the A10 Imperia Ovest exit just 4km, 90km from Nice airport, 115km from the airport. of Genoa, and with nearby suggestive historical and tourist locations such as Cervo, a romantic medieval village reachable with a walk at 15km, Alassio with its exclusive boutiques at 29km, Loano and the "budello" full of shops for shopping at 54km, Sanremo with its Casino and the shops with the most prestigious brands at 25km, Montecarlo icon of absolute prestige with the Grand Prix and its Casino at 67km.

Access to the condominium is via a driveway with motorized gate and pedestrian gate, in the basement of the garage via a ramp from the condominium area, on the ground floor from a condominium driveway on the north side.

The condominium is equipped with its own well and an internal water distribution system for irrigation use at no cost except for the consumption of electricity by the pump.

The concept provides, for each housing unit, an autonomous heat pump system for winter heating and summer cooling (optional) as well as for the production of hot water for sanitary use. Each accommodation will have a radiant floor heating system, cooling (optional work) via wall split (system already set up).

All indicated in the technical construction report and in the specifications which can be at your disposal upon request.

All the furnishing proposals attached to the specifications (rendering) were created by AMBIENTI ALBENGA by Arturo Todiere, who will be at your disposal to study together the solution that best suits your needs.

The purchase price requested for each property will include all the labor, equipment and materials needed to deliver the complete, finished, finished and functional works, according to the good rules of the art and compliant with all the regulations and technical solutions concerning the achievement of CLASS A4.

The purchase is subject to 4 or 10% VAT on the price depending on whether the purchase is made as a first or second home.
