BORGO MARINA - With the sale of "this business" we offer you the opportunity to change your life and that of your loved ones, by taking over an already established business in a characteristic seaside village, a few steps from the sandy beaches and the tourist port. Whether you dream of opening a small restaurant, an ice cream bar, a cocktail bar, a wine bar or any other type of venue, this could be the right place for you, in the city with the best climate in Italy (iLMeteo. it and the Corriere della Sera).
Choose to invest in an independent and different future, together with your family for ideal management, but obviously other possibilities for a different business idea are also open.
The location is strategic: Seaside village near the beaches and the tourist port: the location is ideal for a restaurant or bar business.
The business is already started: if you want to keep it you can reduce the time of starting a business from scratch, otherwise it adapts to different types of businesses, from restaurants to wine bars.
Change of lifestyle: the possibility of living and working by the sea, for those who want a project to share with the family.

More information only by appointment at our office; price on request.
