SANTO STEFANO AL MARE - VILLA DIAMANTE - Fabulous newly built villa 400 meters from the sea in the new Gemme di Liguria residential complex.

Ametis Agency offers for sale Villa Diamante: a prestigious residence with 300 square meters of living space plus a garage, garden, swimming pool, terraces, and breathtaking 180-degree sea views, just a 200-meter walk from the bike path and 400 meters from the beaches of Santo Stefano al Mare. It will be built to energy efficiency class A4 with innovative materials, solar panels, and state-of-the-art windows and doors to ensure maximum energy efficiency and comfort. An internal elevator will also be provided from the garage level to the living and sleeping areas.

A large 100-square-meter living room on the ground floor is the focal point of the spacious living area, bathed in sunlight throughout the day. On one side are the eat-in kitchen and dining area, and on the other the TV and entertainment area, as well as a bathroom with an anteroom and dressing room. Off the living room, the sea is the backdrop. Outside, a large terrace with a portico offers a full view, and in the garden, an 8x4 swimming pool surrounded by typical Mediterranean vegetation.

The first floor features the sleeping area, comprising five bedrooms, three of which have en suite bathrooms, two additional bathrooms, a living room, and surrounding terraces: plenty of space to comfortably accommodate friends and family. The upper level features a solarium with a fabulous sea view, and a hot tub will be installed for relaxing while enjoying the sunset.

The property also includes ancillary rooms in the basement: a 75 sq m garage, a relaxation sauna, a bathroom, and a utility room. Outside, the courtyard can accommodate a few additional cars.
